The following preliminary measures are very desirable & the funds required under each item are given approximately pending estimates from Districts:—

x x x x x x

4. Grant of advances to ryots for earthwork to minor tanks. A sum of Rs 50,000 out of one lakh sanctioned by Govt has been distributed to the Dts.

5. Construction of drinking water wells & other works of public utility. The sum of Rs 20,000 sanctioned by Govt from Local Funds General is not sufficient. The season is likely to prove so dry that temporary wells have to be sunk in almost every village in the affected areas to provide drinking water for man & beast. Another half a lakh is necessary.

FROM

Revenue Commissioner in Mysore.

To

The Secretary to the Government of His Highness
the Maharaja of Mysore,
General and Revenue *Departments.*

SIR,

With reference to para 3 of Government Proceedings No. R.2541-51/Agri.69-08-3 dated 31st October 1908, sanctioning a sum of ₹20,000/- for the construction of drinking-water wells and such other works of general utility in the affected areas of the State, I have the honour to state that the said grant was allotted to the several Districts as shown in the margin.

Mysore.	"	2,000
Hassan.	"	2,500
Shimoga.	"	1,500

Chitaldrug.	"	1,000

The Deputy Commissioners of the Bangalore, Hassan and Chitaldrug Districts have since applied for additional allotment of ₹500/-, 2,785/- and 5,000/- respectively (or ₹8,285/- in all).

As scarcity of drinking water is felt keenly almost all over the State, applications for such additional grants are likely to be received in large numbers. I request therefore that Government may be pleased to sanction an additional grant of ₹50,000 for the construction and repair of drinking water wells and such other works of public utility as will afford prompt relief in the affected parts of the State. As much time is lost in obtaining the sanction of Government after applications are received from Districts the amount specified above may be placed at my disposal once for
